Invitation

We are pleased to announce that the Korean Economic Association hosts its 14th International Conference.

The main theme of the Conference is “Global Financial Crisis and Its Financial, Real and Institutional Impacts.” Various Impacts of the global financial crisis originated from the U.S. in 2008 will be reviewed and discussed. Institutional reforms for financial stability will be one of the important issues to be dealt with during the Conference.

This year, more than 100 papers, either invited or contributed from 7 nations, will be presented. We believe that the Conference will be a lively intellectual venue in which researchers, educators, practitioners and policy makers exchange their views and ideas.

Please come and join us in this important and meaningful intellectual endeavor. We thank you in advance for your participation and hope that everyone has a wonderful time during the Conference. We also extend our sincere gratitude to those who have given us financial support for this year’s conference.
